RESULTS DON'T LIE.

In the last local election, voter turnout was **20% higher** in our program compared to the statewide average. In city and school board races, where participation is low, those extra votes make a big impact.

WHY IT WORKS.

- ⊛ Your friends are **10x more likely** to vote if you ask them.
- ⊛ **We meet people where they are.** We reach unlikely voters where they live, work, and play.
- ⊛ **We are data-driven.** Our free, online app makes it easy to find friends who might not vote without your encouragement.

The Voter Network is a 501c(3) nonpartisan, nonprofit focused on creating stronger communities in Kansas through voter education and engagement. The Voter Network is not affiliated with or representing any election official.
